ST. MICHAEL'S COLLEGE
SCHOOL PRESENTS

1988-1989

PRINCIPAL'S MESSAGE

Father Leo Campbell, C.S.B., Principal

I am grateful for the opportunity to extend to the graduating class of 1989 my heart felt congratulations and to wish you much success and happiness in the coming years. I cannot claim to have made any great personal contribution to your success since I am newly arrived at St. Michael's but on behalf of the Basilian Fathers, and our lay staff I would express the hope that your years at St. Michael's College School have been productive and enjoyable.

As this yearbook will verify our school has much to offer by

way of academic courses, social events, sports, drama, public speaking and a host of other exciting activities. Certainly these activities form part of the very fabric of our school. However, in my opinion, the essence of St. Michael's is to be found in even more serious endeavours. We want to go beyond the usual high school objectives in search of transcendent values so fittingly requested in our school motto, "Teach me goodness, discipline and knowledge." The measure of our success in these objectives will not appear on a report card or transcript. Only the life you lead, the truths you embrace and the values you express will witness to the true worth of St. Michael's College School. Our final exam will not be given until after we die and it will be taken by staff and students alike - with no exemptions.

As principal of St. Michael's it is my duty to see that all tests and exams are safely guarded so as not to fall into the hands of those who are to write the tests. As a special favour to this graduating class I will tell you now that the questions for the final exam mentioned above are based on Matthew's Gospel Chapter 25 Verses 31 to 41. I invite you to read the passage carefully, and urge you to live your life with the final exam in mind. If you do you will be a blessing to society, a credit to St. Michael's and a true son of God.

"But when the Son of Man comes in His glory, and all the angels with Him, then He will sit on His glorious throne. And all the nations will be gathered before Him; and He will separate them from one another, as the shepherd separates the sheep from the goats; and He will put the sheep on His right, and the goats on the left. Then the King will say to those on His right, 'Come, you who are blessed of My Father, inherit the kingdom prepared for you from the foundation of the world. For I was hungry, and you gave Me something to eat; I was thirsty, and you gave Me drink; I was a stranger, and you invited Me in; naked and you clothed Me; I was sick, and you visited Me; I was in prison, and you came to Me.' Then the righteous will answer Him, saying, 'Lord, when did we see You hungry, and feed You, or thirsty, and give You drink? And when did we see You a stranger, and invite You in, or naked, and clothe You? And when did we see You sick, or in prison, and come to You?' And the King will answer and say to them, 'Truly I say to you, to the extent that you did it to one of these brothers of Mine, even the least of them, you did it to me.' Then He will also say to those on His left, 'Depart from Me, accursed ones, into the eternal fire which has been prepared for the devil and his angels;'"

Matthew 25:31-41

ST. MICHAEL'S: THE PROVING GROUND FOR THE CHALLENGES OF CHANGE ...

This year's theme is change. By definition, change is to become different in one or more respects without becoming something else. Change is transformation. The dictionary also defines change as a religious conversion. Change is to pass from one stage to another. St. Michael's is a place of change.

The graduating class of '89 has gone through much change, and the St. Michael's student body continues to do so. St. Michael's changed our goodness, discipline, and knowledge from a naive state to a state which allows us to face the future with strength. Niners are transformed into St. Michael's men, elementary school boys are transformed into top ranking runners, track stars, football or hockey players, and the brightest of boys become the most intellectual of men. This is what change at St. Michael's means. Certainly religious growth, if not conversion, has occurred. There are those among us who had come to St. Michael's without a great amount of faith or knowledge of Christ. Those who leave, however, are graced with a greater understanding of God and hopefully a greater faith in Christ. We came to St. Michael's as the graduates of grade school and as novices to high school. We will leave again as novices, this time to University. Change makes our lives real. Without it, the world would be at a standstill. At St. Michael's we have experienced change in teachers, administration, and friends. Some have been for the better and some for the worst. We can all relate to those unexpected challenges in our academic careers. Three tests scheduled for the same day, two seminars and a research paper due the same week on top of extracurricular commitments are not that unfamiliar to St. Michael's students. All of these changes help to shape us in terms of our character to grow in body and soul.

People are resistant to change. In fact many of us are afraid of change. We fear change because we fear the uncertain, the unstable, and the unknown. Indeed, this is felt by many of us who are graduating. We fear the possibility of rejection by our chosen university, as well as the possibility of failure in our academic life. We fear the loss of friends, and the uncertainty of increasing independence from our families. At this time in our lives many of us experience great change in our personal relationships. However, because we are human it is below our nature not to face the challenge that change brings to our lives. St. Michael's in a sense prepares us for life, because it prepares us for change. St. Michael's teaches us to embrace change in the forms of physical, spiritual, and academic challenges. These yellow bricks have seen many changes and will continue to see many more. We will all continue to change, but St. Michael's will remain to be a milestone in our lives. The constants of goodness, discipline, and knowledge become this milestone when we leave, they guide us through our lives of change. Hence St. Michael's is an institution that forces us to change but at the same time it arms us with the battle weapons to deal with change. This dynamic place which has the duality of constants and changes will be invaluable in our future. This yearbook will become one of those constants in our ever changing lives. The faces you see in this book will allow us to stop in the middle of change to see what we were, so we may remember always who we are no matter what we become.

THIS IS THE WAY IT WAS

Who would have imagined that within one year, the entire status of St. Michael's would have changed so much? This year marked the beginning of St. Michael's becoming a fully private school, working to instruct and educate young men. With the likelihood of the purchase of the Loblaw's property, the significance of **THE TOWER** for the student body has come to a forefront.

In the early years of St. Michael's the school yearbook, **THE THURIBLE** captured and preserved actions, moments, and events that might otherwise have faded from the students' minds. When St. Michael's College School relocated to our present address, **THE TOWER** became the new name of the school's yearbook. Over the years, **THE TOWER** has done its part in capturing and preserving the past through the words and pictures printed in each individual book. This year, **THE TOWER** has reaffirmed one of its underlying goals.

Wherever the school, the students, or the graduates are in the future, everyone will be able to look back to the **THE TOWER '89** and see St. Michael's as it was.

As well as capturing and preserving the past this book represents the culmination of twelve months work. From its planning right through to the mailing of the final pages, selected staff and students have volunteered and immeasurable amount of their personal time to work on **THE TOWER**. This book symbolizes St. Michael's as seen through the eyes of the yearbook staff. What you have before you is our best. Our best photographs and write-ups, our best artwork and layouts, are all here before your eyes. If only one person were to enjoy and appreciate the book, we have failed you, the student body, and ourselves, **THE TOWER** staff. **THE TOWER** is meant to commemorate the year for everyone. It is meant to document everything that happened during the school year and that means representing the involvement of the student body in the life of the school.

We at **THE TOWER** wish to convey a message through this book. It is a message that is easily seen. This entire book full of the best memories of the '88-'89 school year IS the message that we wish to convey. This book is actually one of the only books that we receive at St. Michael's that needs little or no interpretation. In its simplest form the message is clear....**THIS IS THE WAY IT WAS**. Take a minute and think about it. No one can say the message is any different. Almost everything pictured or written in this book is a record of the past. Well then, if it is that simple to interpret then why write about it? It stands on its own. We have done the best we can. Now it's up to you to decide how good it actually is. **THIS IS THE WAY IT WAS, THE TOWER '89!**

The Narrow Wide Path

The streets abuzz with hundreds of cars
The builders of roads lay down their tarsi
The workers file into the local bars
A working day is done.

I walk alone in the bustling crowd
Among the humble and the proud
My mind is hazy as a cloud
My legs begin to run.

I must flee that horrid place
Where life is simply race and race
Where every face is just a face
But you never see a smile.

People just don't seem to care
Strangers stay as strangers there
"Extend your arms!" ... but no one dare
It doesn't suit their style

Nervously shaking against my will
My heart is beating faster still,
My soul aches, and all sounds seem shrill:
I need a loving friend

Yet if by streetside I would stay
And watch the masses come my way
They'd go to church for me they'd pray
And money they would send.

But money only goes so far
It cannot buy what people are
Shown by every famous star
Who ever felt alone.

So if you see me, may you know
To take my hand and never go
For, if our love we dare to show
Our souls' death we postpone

Greg Robic

Catherine

Eyes of blue and hair spun gold
Your destiny would soon unfold
I thought together we'd grow old
But you were taken away by one so bold
The pain I feel is untold.

Each night I still wait by the phone
To hear your voice, that soft and supple tone
I think of you and it chills me to the bone
And then I realize that you're gone,
and I'm alone.

My eyes they raise a tear
And so to life comes my darkest fear
You are gone, no longer here.

And so to never feel that happiness
Contained only in your passionate kiss.

I love you Catherine.

Dedicated to the memory of
Catherine Condopolis

Anthony Vecchiato

"If an eye offend thee ..."

Go, my children,
Pay heed the clarion call.
The peacemaker may be blessed:
others should be made to crawl.

Go, holy sons and daughters,
Pay heed the hornman's dark decree.
Eyes bulging, breathing in the hangman's
message,
your parents fall on bended knee.

Pound your ploughshares, hooves, iron-shod
Into fearsome teeth.
May your crucifix be as a dagger,
your burdensome cross a battle-stave.

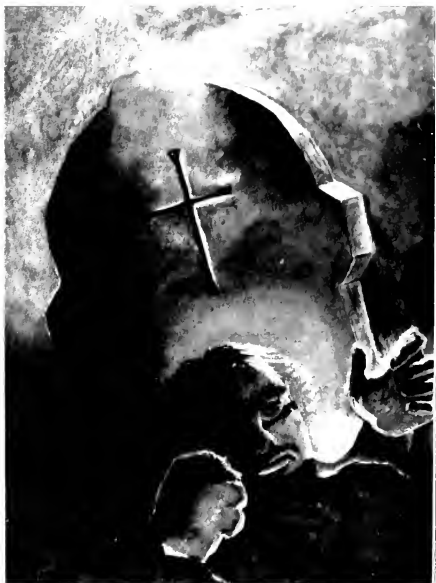

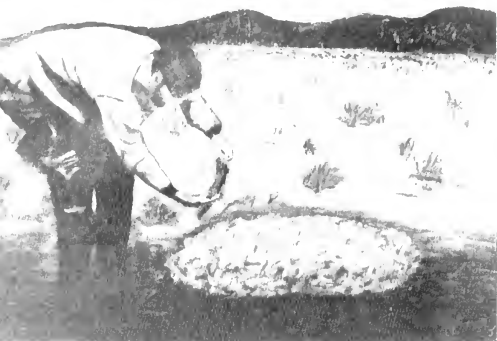

So go now, my children,
Mark well the prince's words.
Though your bellies bulge with famine,
your heads swim in madness,
Cease not, 'till your cause is justified.

A Sunset

A most beautiful moment in one's life.
To see a sunset, an evening delight
As the water gently ripples to shore
A sound for the ears, a sight for the eyes
A beat for the heart:
I can ask for nothing more
The sun mysteriously setting on the horizon
Shines its last, most beautiful beams
on the deep blue waters.
Oh, what a sight it is to see
This glorious gift God gives to me
Red and Gold, the colours are magnificent
Never identical is this fascination
Good night today my setting sun
If you could only stay a little while longer
Let me breathe the breath of this
wonderful fantasy
For there will never be another like you
But the memories they linger
In the mind and in the heart
Never to fade away
Oh, my dream you're not far away
I long to see you as a new day breaks through
For in the morn you rise:
And shine your rays on our sleepy eyes
Good morning today my rising sun
I'll rise with you,
my life, my light, my morning ... my night.

Except for the coaches and a few of the team members no one thought it could be done, especially the defending champions Central Tech of Toronto. Now it has been recorded for everyone to see and remember. St. Michael's Track has joined an elite group of O.F.S.A.A. Champions. With an outstanding effort from the Junior and Midget teams St. Michael's captured the Midget, Junior and Overall Championship. Troy

DeSantos finished first and second in the 100m and the 200m. Shayne Munnietto won the 100m and finished second in the 200m, after overcoming an injury. Joe Munko captured the Senior Boys Pole Vault. The open Boys' 4x400m relay team (Team Activa) of Jason Koppell, Roger Thurton, Kelsey Armstrong and Michael Jean-Baptiste finished a respectable third place. All are "only" in grade eleven. Although the Senior members of the team did not account for a large number of points, their example and dedication along with their leadership helped the younger members of the team. Many of our graduating members are going

south of the border for further study. Danny Gross is going to Princeton, Jim Rego to Northern Arizona. Adrian Arnamun is going to Yale, Frank Wolf to Michigan and Gabby Yearwood to the University of Pennsylvania. Special thanks go to all the coaches Mr. Frank Bergin, Mr. Pat Monahan, Mr. Paul Barry, Mr. Giancarlo Mazzanti, Mr. Frank Rharich and Steve Faraday. Without their guidance and expertise none of it would have been possible.

BUZZERS WIN JUNIOR B CHAMPIONSHIP

On Wednesday May 3, 1989 in St. Mike's Arena the St. Michael's Buzzers capped off an outstanding year by defeating the Niagara Falls Canucks 5-3 to capture the All-Ontario Junior "B" Championship for the sixth time!

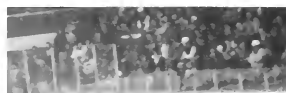

Although St. Mike's handily captured the Fullan Division Championship of the Metro Junior "B" League it was a tough grind to meet the end results. They played a total of five best of seven-series defeating Kingston (twice) Bramalea and Sarnia, crushing Niagara Falls four games to one.

Perhaps the most memorable series was the one played against the Bramalea "Blues" to win the Fullan Division. Trailing three games to two St. Mike's had to travel to Bramalea and beat them in their own building and force a seventh and deciding game. They did just that! Back at St. Mike's for the seventh game Bramalea skated to the dressing room at the end of the second period with a 5-2 lead. The third period was perhaps some of the most exciting hockey to be seen in our arena for a long time. St. Mike's went on a tear and extinguished the Bramalea lead scoring five unanswered goals.

There were many individual stars however the team's strongest asset was that it played well together in all areas. If a championship was ever won by team effort and not by individual accomplishments this one was and they ALL deserve congratulations.

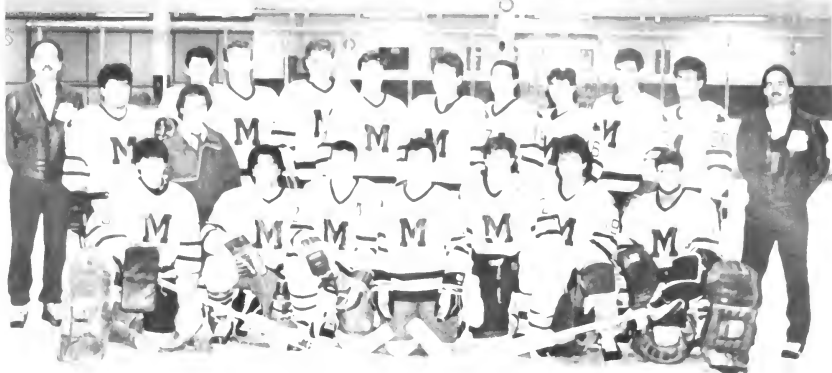

It was a great year for the team considering the many obstacles, both on and off the ice, they had to contend with. A lot of credit has to go to the coaches, all former S.M.C. grads, Scott McLellan, Tony Cella and Rock Welson as well as everyone else associated with the team's management and operations.

The Wall of Fame was instituted by SMC Alumni Association. This display exhibits photos and lists statistics of 152 former St. Michael's players who have played professional hockey in the NHL. This display is available for all to see on the wall of The Old Boys' room in the Arena.

McDermott, Tony Gilla (asst. coach), Scott MacNair, Scott McLellan (coach, general mgr.), Rick Wilson (asst. coach), Father Leo Campbell (principal), Mike Heaney, Angelo Libertucci. *Second Row:* Tom Stevens (trainer), Ron Bilodeau, Mike Thompson, Ken Klee, David Harlock, Eric Lindros, Gord Law, Brad Jones, Brad Baxter, Dino Grossi, Perry Kotsopoulos, Tony Iozzo (student mgr.), Kristin Somers (trainer). *Third Row:* Jason Dexter, Wes McCauley, Pat Rodgers, Paul McGuire, Rick LaCroix, Steve Glugosh, Richard Rennie.

Good play by Captain Scott MacNair, leading scorer, Steve Glugosh, combined with outstanding goaltending by Angelo Libertucci and Richard Shulmistra, who led the league in G.A.A., allowed the St. Michael's Junior B team to establish a 34-5-1 season. This was the most wins ever by a St. Mike's Junior B team. This season, the team even tied the record for most points by any Junior B team in history! Inspiring play from rookie sensation Eric Lindros (expected to be the #1 pick in 1991 NHL Draft) and rookies Wes McCauley and David Harlock as well as some solid plays by veterans Paul McGuire, Dino Grossi, and Blue liners Mike Heaney and Gord Law to name a few helped St. Mike's to its best season ever! Congratulations to all graduating players.

ALPINE SKI TEAM

The Alpine Ski Team, led by Mr. B. Kratz, was a determined team. Struggling from the loss of last year's most valuable player, the team brought home fourth place in the T.D.C.A.A. meet. Kevin Reid was our top scorer.

CROSS-COUNTRY

The St. Mike's X-Country Ski Team had an outstanding year. The Juniors successfully defended their T.D.C.A.A. title led by the Fortier and McConnon brothers. The junior team time was the fastest in T.D.C.A.A. history! The Seniors were victorious as well to complete the double sweep. Dave Fortier was the outstanding senior.

Left to Right: Mike Hawkins, James O'Reilly, Mike Fortier, Chris Fortier, Pat Soden, David Fortier, Mr. Kratz (coach), Peter McConnon, Dennis Antonades, Donnie Wan. *Right:* Tom McConnon.

Absents: Patrick Power, Gil Aburto, Rob Ventresca, Jason Greene, Paul Dobson, Steve Keith, David Fitzpatrick, John Wassenaar, Jamie Petch, Greg Harris.

The success of the Swim Teams of 87 to 89 is mainly due to the efforts of a quintet of record breakers. SMC's natators listed as record holders in ten categories of TDCAA competition are: E. VanZyl, S. Fitzgerald, M. Mattei, E. Wai, D. Wai and D. Healey. To win the TDCAA championships this year, we had super performances from D. Brown, P. Breen, P. Power, M. Fraser and J. Walsh. To top it all, the medley relay team won bronze in the All-Ontario meet.

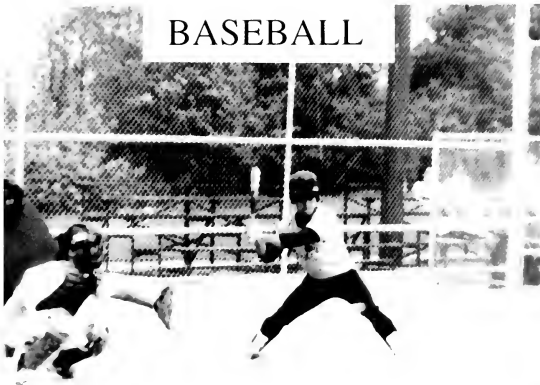

GOLF TEAM

Jason Cronin, Derek Flood, Christopher Vardin, Sean Stavio

The St. Michael's Golf Team had a great season this year. Lead by their coach Mr. D. Prendergast, the team took first place in the T.D.C.A.A. Tournament. Derek Flood who was the top scorer for our school was second top scorer in this tournament.

BLUE DOTS

St. Michael's had its first ever SQUASH TEAM this year. Aptly named the "BLUE DOTS", our young team played quite well during its inaugural season. The BLUE DOTS finished fourth in a six team league, which included much more established and experienced teams.

The upcoming years should prove quite fruitful for the DOTS as they gain the seasoning needed to effectively challenge the more established teams in this sport. It won't be long before the DOTS make their double blue mark in this competitive game.

VALEDICTORY ADDRESS

The Congregation of St. Basil had a vision in 1852 of a Catholic liberal arts education for young men. This vision has not gone awry of been adulterated; rather it has survived the test of time proving the Basilian's firmness of purpose. The Basilian's motto, "Teach me goodness, discipline and knowledge" has been faithfully instilled into the minds of thousands of students that have passed through the halls of St. Michael's College School. For one hundred and thirty seven years St. Michael's, with the motto as its guide, has nurtured the minds of young men encouraging them to attain their fullest potential. The Graduating Class of 1989 is no exception: we have all experienced and upheld the rich tradition of our school.

Before we leave here today for the last time as students of St. Michael's College School let us take a few moments to reminisce, acknowledge people who have been invaluable in our endeavours and lastly to ponder our responsibilities in the world we live in.

Firstly, let us recall some of the events that every graduate will cherish for many years to come. How can anyone forget Chris McQuillan's "Q" for action? Who can forget Nick Lia's exclamations in any given class? There are memories of great drama productions; do you remember Piero Fusco's performance in *Giallo Pasticchio* che? Or the baseball players in *Damn Yankees*? Remember waking up every morning to the euphonious voice of Greg Robic on the morning announcements? Some of us have fond memories of volunteering to work long hours in the gardens under Fr. Zinger's supervision. Remember when Dan Predergast Sr., the coach of the Blue Raiders for more than a quarter of a century, watched with great pride when Dan Jr. scored the basket to win the T.D.C.A.A. Basketball Championships. There are memories of great victories and championships won by our very own Blue Raiders, Junior "B" Buzzers, SMC Junior and Senior Hockey Teams, Kerry Blues, Blue Whales, Blue Strikers and the Blue Harriers only to name a few. Although today marks the end of our five years, the memories we retain will keep the spirit of St. Mike's alive for each of us.

On behalf of all the graduates, I would now like to thank our teachers, whether they be Basilians or lay teachers, parents and friends.

To all the teachers, we are grateful for your untiring efforts to impart your knowledge. You shared with us not only your knowledge about textbooks but also your philosophy of life. It was you who taught us that the hard experiences in life are the grinders - either grindstones which wear away our patience and hope, or they can be the grinders on which we mount to new endeavour and renewed hope. Your final choice is ultimately ours!

To our parents, we thank you profusely for your support in all of our school years. Although there were many ups and downs in our high school days you were always by our side.

To our friends, when we faced a crisis, or loss, or when sorrow was ours to bear you were always there with words of cheer to make our burdens less. All of these people have made our stay at St. Michael's five of the best years of our lives.

This brings me to my final point: what are our responsibilities when we leave St. Michael's College School? I wanted so much to be original in this my final message that I had to look into the dim, distant past for an analogy.

In the Middle Ages when a Knight fought in battle he used a shield engraved with a coat of arms and surmounted by a crest. The depictions on the shield and crest distinguished the Knight from other warriors. In a very different but in a very real sense the graduates of St. Michael's College School have and will continue fighting a battle for Christ. On our shield are the markings which will identify us. The Book on our crest represents the knowledge that we have acquired over the past five years. The Chalice is symbolic of the goodness of Christ that the Basilians have faithfully imparted to us. Lastly, the Steeple surmounted by a Cross represents the institution that we call our school and the discipline associated with it. With all of these at our aid namely goodness, discipline, and knowledge, St. Michael's has given to us the essentials in leading model Christian lives. Thus God expects more from us because we have more to give to the world.

There is too much challenge in the world today for us to sit idle or look wistfully and longingly into the past. The challenge that confronts us today is whether we are to love humanity unconditionally enough to sacrifice for our fellow men, whether we are to love our country enough to give of our time and energy to further and strengthen it and above all whether we are to love our faith enough to believe and devote ourselves to its principles and ideals or whether we are to succumb to the often listless, apathetic, and materialistic society in which we live. It is our duty to use the talents that God has given each of us and that have been nurtured here at St. Michael's to change the world. Let us rise to the challenge, we have everything on our side - youth, time, knowledge, and the grace of God.

God Bless You All and Good Luck!

PARENTS' GUILD

The above picture was taken at one of the Parents' Guild Meetings. Among those pictured is the Executive for 1988-89

President - Dr. Joseph McCommon
 2nd Vice President - Mrs. Mary Agatha Savage
 Treasurer - Mr. Michael Leone

1st Vice-President - Mrs. Teresa De Carvalho
 Secretary - Mrs. Gemmi McAskill
 Moderator - Fr. Frank McCabe, C.S.B.

The Guild had a very successful year, spiritually, educationally, socially and financially. Four General Meetings were held in which we welcomed speakers and panelists of teachers dealing with academic matters. The Fashion Show and the Dinner Dance were very popular social events. This year the Guild will contribute various sums of money to the Library, The Music Department, the Athletic Department, and the Bursary Fund. On the spiritual side, the Sacrifice of the Mass is offered each month for the intentions of all the members of the Guild and beginning next fall we will have a mother and son communion breakfast.

MISSION CLUB

The Mission Club at St. Michael's college School is under the patronage of Mary the Mother of God, our Blessed Mother. She is our life and inspiration that leads and calls us to be Disciples of Jesus.

The Mission of Jesus is expressed in these words,

The Spirit of the Lord is upon me, because he has chosen me to bring good news to the poor. He has sent me to proclaim liberty to the captives and recovery of sight to the blind,

to set free the oppressed and announce that the time has come when the Lord will save his people.

Luke 4: 18-20

As Disciples of Jesus, we made a commitment as members of "Out of the Cold", St. Michael's Refuge, to reach out to the poor, the hungry and the homeless in Toronto. Every Saturday at Holy Rosary Parish, we shared our lives with the poor in a family setting with a hot meal, and distributed food and clothing where needed.

Students for Life is an organization of students across the Province of Ontario committed to the protection of human life from the moment of conception. The students pray, have vigils and partake in Operation Rescue to end all abortions. Students here at St. Michael's give their lives to end all abortions.

During the 1988/1989 school year, the St. Michael's Chapter of Development and Peace attempted to realize its nature by way of spiritual consciousness and practical action. In particular, this organization held an open forum aimed at raising awareness about the social situation in Chile. Those in attendance were informed firsthand about the stronghold that the repressive government of Chile exerts over its citizens.

Many students participated in the Mission Club through their prayers and support. We thank God for His goodness to us. We ask his grace to become Disciples of Jesus. We place our lives under the protection and love of Our Blessed Mother Mary.

STUDENTS FOR LIFE

MEALS ON FOOT

The idea for Meals-on-Foot came to Father Mulcahy one day when he had been "commandeered" by Father Murphy to help out on the Wednesday Meals-on-Wheels. Fortunately the assignment was the area around St. Michael's - the possibilities were obvious. Volunteers were assigned regular days (one to four) and listed on a board in the cafeteria to be a daily reminder. About ten "runners" each day delivered meals in insulated bags to apartments around the school - on Raglan, Tichester, Tweedsmuir, Walner, and Bathurst. The meals are brought to the school (bagged) by the St. Clair West Meals-on-Wheels drivers and the bags are returned to their offices at Robina and St. Clair by Father Mulcahy.

Besides those listed below, we had many others who came to our rescue when regulars were away or had forgotten. Mr. Pignataro and Mr. Volpe were most helpful when they were on cafeteria patrol.

The "shut-ins" seem to appreciate the visits with our well-mannered "runners" who have made some real friendships!

BLUE SHUTTERS

Photography Club *Clockwise* Mr. Ian Thompson (*Moderator*), Vito Sorrento, Joey Alberga, Vito Amati, Tien Dao. *Absent* Joe Mauko, Kieth Liu

The photography club is involved in documenting, on slides, the various yearly activities taking place at SMCS. This encompasses primarily athletics, with a view to the presentation (audio-visual) at the Athletic Awards Banquet. In addition to this, photos are taken of various non-athletic activities such as school masses, graduation, clubs, etc. The two dramatic productions each year are also focuses of the photo club's responsibilities. Specifically, colour slides, video coverage for cast presentation, and prints (B&W) to be displayed during the run of each show, are involved here. This year, the club has been very involved in videotaping school activities, sports and academics, for the purpose of developing a promotional video presentation of St. Michael's CS.

During the school year the Metaphysics Club engaged in an exploration of thought provoking and vision expanding topics. An investigation into the ideas of Paul Davies in his book *God and the New Physics*, and the viewing of videos on various metaphysical topics led to in-depth discussions which subsequently led to an enriched understanding of the nature of our universe.
